

## ANNUAL GENERAL MEETING 13 OCTOBER 2012

## AMENDMENTS TO VOTING REGISTER

A voting register was published on this website on 18 September 2012 at <http://www.englishchess.org.uk/wp-content/uploads/2010/01/C17.3-Voting-Register.pdf> and circulated to members with the AGM agenda. Inevitably there will be changes to the original register as a result of queries raised by members (which should be addressed to [alexholowczak@gmail.com](mailto:alexholowczak@gmail.com)) and other developments, and this document is being maintained as a central list of changes. The final version will be tabled at the AGM after the Board has considered applications for readmission to membership at its pre-AGM meeting.

**Methodology**

Although the correct methodology has been applied in calculating voting entitlements, the description of this on the front page of the voting register was inaccurate in one respect. The section dealing with votes in respect of Game Fee/Deemed Game Fee should have referred to the number of half results divided by 1,000 being rounded up rather than rounded down to the nearest whole number.
