

MEMBERS OF THE ECF COUNCIL

This list identifies the members of the ECF Council, together with the individual holding the Office indicated or the representative member in the case of organisations. A contact e-mail address is shown only where this is already published on the Officials' page of the website, or where the individual concerned has provided his or her permission for it to be published. An asterisk appears besides the names of individuals who are members of Council in more than one capacity. The voting register, which is published as part of the papers for each Council meeting, indicates the votes that each member can exercise. Members shown as lapsed by the April 2011 voting register appear in italics.
