

CHESS PRO-BIZ CUP

A chance to play with England's finest players, past, present and future

Wednesday 9th December 2020

The **2020 Pro-Biz Cup** brings leading business minds and England's leading players together in an online tournament on **Chess.com /Zoom** to raise money for the UK charity **Chess in Schools and Communities (CSC)**. You, and your business, have the opportunity to team up with chess professionals to learn and play with them in a fun format, in which you and your partner make alternate moves as you take on other Pro-Am pairs in rapid chess.

This year, the chess experts include England number one Michael Adams, England internationals Luke McShane, David Howell, Matthew Sadler and Nick Pert as well as two legends of English Chess, Jon Speelman and John Nunn. Five of England's top junior players will also be involved.

You will meet your chess pro prior to the first game for a strategy meeting and if you want to further hone your skills in advance, extra lessons can be booked with a CSC chess trainer. There will be a minimum of three matches for all teams.

See previous Pro-Biz Cup [here](#). (Note this was over the board).

All bids and enquiries to:

Stephen Meyler, CSC Fundraiser
