

STRATEGY

Furthering the Cause of English Chess

The ECF will lead the development and organisation of chess for all players in England and our international teams. This will encompass:

- Extending the number of active competitive and social chess players in England, building on the wave of interest in chess on both nationally and internationally.
- Increasing the number of juniors playing competitive chess and transitioning to becoming adult competitive players.
- Providing a clear pathway for junior chess players to learn and develop their chess playing from beginners through to national squad level, and to achieve titles in due course.
- Encouraging the development of women's, student and social chess as part of a wider commitment to increasing the diversity of participation in chess.
- Embedding the development of online chess.
- Increasing the awareness of chess and its wider social benefits outside the ECF membership.
- Working with HM Government and other organisations to improve funding, support, and ideally recognition of chess as a sport.
- Supporting the promotion of chess as a national game/ sport with much increased levels of chess content available and shared via the ECF's web site, magazine, social media and broadcast/ streaming platforms.
- Supporting other chess organisations including leagues, clubs and congresses.
- Keeping our rating system under regular review.
- Developing the number of elite players and individual players of exceptional talent.

Priority areas

Our ambition is to increase participation in chess among women of all standards, with a stretch target of 15% of ECF membership (including ECF Supporters) within four years, and to facilitate the transition from junior to adult to senior.

We will develop and refine programmes to encourage participation among female players, students and junior players and to help them achieve their potential.

We will establish a clear pathway for chess learning and development, including a national curriculum for chess, working closely with junior coaches across England and in collaboration with schools.

We will build on the recently announced financial package from the Department of Culture, Media and Sport to maintain and improve our support to English players taking part in international competitions, with the aspiration of re-establishing England as a force in the chess world.

We welcome the growth in online chess and the increasing level of participation amongst English players. We will continue to organise online events, providing a rating service and supporting online leagues and congresses.

Our biggest asset is our membership. We will improve the attractiveness of membership through good communication and enhanced membership services and offerings for all forms of chess that make joining the ECF an attractive proposition independently of playing rated games. We recognise that the ECF needs to grow its membership and improve the attractiveness of the game in order to sustain a viable future. The Board will continue to focus on these targets.

We will work with member and other organisations to grow chess activity at all levels across England, focussing in particular on women's, student, junior and social chess.

We will keep the operation of the membership system under review, ensuring the system is well maintained and remains fit for purpose.

We will continue to provide support to chess organisers, and we will organise and run a programme of national competitions, including the British Championships, the UK Open Blitz Championships, the County Championships, the Women's English Championships and our various ECF online club events and National Championships.

We will increase the profile of chess in England via the ECF's website, social media platforms, monthly magazine and broadcast channels covering major over the board and online events and other forms of chess content.

We will continue to work with HM Government and other organisations to improve funding, support, and ideally recognition of chess as a sport.

Commercial sponsorship generates additional income that can help us to make extra investment in areas such as junior, women's and international chess. We will seek out new sponsorship opportunities and build on our relationship with existing sponsors, and support them to build their brands.

We will actively engage with other chess organisations in England and elsewhere to improve coordination, efficiency and knowledge-sharing across English chess.

Business Planning

The Board will produce an annual business plan that will set out how we propose to deliver the priorities set out in this statement. As part of the business planning process we will refine our strategic intentions and financial planning in consultation with Council and in accordance with prevailing circumstances.

The Board

Directors will work collegiately both within the Board and with other chess organisations. We will encourage a culture where we actively invite comment and feedback. We will ensure our governance processes and constitutional structure are effective and fit for purpose, and will continue work on achieving more effective Board operation.

Funding

Our core activities will continue to be funded through membership fees. We will use sponsorship and donations/bequests to support strategic and developmental projects and initiatives, ensuring that sponsors' own objectives are addressed. We will avoid the use of external funding as a substitute for core activity funding. We will work closely with the Chess Trust and the John Robinson Youth Chess Trust in particular regarding funding for strategic and developmental projects and initiatives.

Office

We are committed to maintaining the central functions of an ECF Office. The Office endeavours to provide a high quality and efficient service to ECF members and other chess organisations, and gives support to ECF directors and officials as required. Staff will be offered opportunities for professional development on an individual basis.

Communications

Initiatives such as introducing our monthly *ChessMoves* magazine, developing our social media presence, overhauling the website, and direct emailing of members and Council have helped to improve communication to members and need to be improved further. We want stronger partnerships with chess players and chess organisations, and will continue to develop communications across a range of platforms and seek greater engagement with members to help shape our policies and plans.
